服務點計畫

Volunteer Service Point System Proposal

Goals

- * To increase parent and student participation
- * To support the current administrative work
- * To recruit and train future school administrators

Other Schools

School	Unit	Points Required	Weight	Special Features	Penalty / Donation in lieu of service
Silicon Valley 矽谷 (700+)	family	5, 6, 7	1 pt = 1 hour	staff = full, class rep = full, head act. = full, student + intra-school AC or Competition = 1, student + interschool Academic Contest or Competitions = 1 (individual events) or 2 (group events)	1 pt = \$20
Rainbow 日新	family	4, 6, 7	1 pt = 1 hour	past and current principals, current teachers, board members, staff = full, class reps = full, head act. = 2, student + Academic Contest or Competitions = 1	\$120, \$160, \$200 Incomplete service 1 pt = \$30

West Valley 西谷	family				\$120, \$200

Proposal

- * Points are attached to each school service
- * Each family has to complete 5 service points each school year (it is easy to achieve)
- * Incomplete service = \$\$

To Get Full Points

- * Parents in the following positions are considered to have fulfilled their point requirement: all current
 - principals
 - directors and associate directors
 - team leaders
 - coordinators
 - class representatives

1 Point Jobs – examples

- * Parent-teacher Meeting / year
- * Experienced parents volunteering in organizing committees
- * Security patrol
- * Intra-school Academic Contest participants
- * Intra-school Academic Contest judges and proctors
- * Inter-school competitions
- * Inter-school activities

Advantages

- * Raise the sense of school participation
 - * Easier to get help for board members
 - * Get the necessary support to work on areas that currently the school doesn't have the resources for.
For example: teaching tools
 - * Facilitate recruitment for the school administrative team in the long run
- Raise the education quality

Possible Drawbacks

- * Enrollment change
- * Work load increase in the first year
- * Confusion at the beginning

Board Members' Suggestions

- * Should fully utilize parent helpers at the office
- * Have to make sure can get enough services hours for parents to sign up
- * Since to collect fines later is difficult, can set a higher tuition up front and give discount to parents who are willing to help for full service points
- * Instead of giving tuition discount, can give printed recognition to parents who are willing to work above the required service points
